# CORPORATE SPONSORSHIP OFFERING

TO BENEFIT THE  
WELFARE OF RESCUED WILDLIFE  
AND THE  
EDUCATION OF YOUTH

THROUGH  
WILDLIFE WEST NATURE PARK  
AND  
RESCUED WILDLIFE ZOO

## SPONSORSHIP BENEFITS:

### WELFARE OF RESCUED WILDLIFE:

As a Corporate sponsor of Wildlife West Nature Park and Rescued Wildlife Zoo you will ensure continued care and wellbeing of the 25 species of certified non-releasable rescued native wildlife presently living at Wildlife West.

The animals and birds are provided with a natural habitat setting and a appropriate diet to live out their lives. Enrichment opportunities are created to provide a variety of activities and experiences for the wildlife.

### EDUCATION OF YOUTH:

-**YOUTH CONSERVATION CORPS (YCC);** Over 300 youth have participated in the YCC Program at Wildlife West Nature Park. Youth aged 14 to 25 learn how to plan, design, order materials, construct wildlife habitats and barns in an atmosphere of cooperation, where they learn responsibility and leadership skills. The program instills a strong sense of camaraderie.

-**JUNIOR ZOOKEEPERS SUMMER DAY CAMP:**

This exciting program offers children ages 8 to 12 the opportunity to experience what the animal keepers do on a day to day basis. Children learn basic biology, interact with animals, make enrichment toys for them, and have fun behind the scenes with zookeepers at the 122 acre Wildlife West Nature Park and Rescued Wildlife Zoo.

-**EDUCATIONAL WILDLIFE FIELD TRIPS:**

Students of all ages participate in guided field trips that are educational and interactive.
